Infertility of unknown origin

Gdańsk

Dear Colleagues,

Despite of the enormous progress in reproductive medicine in recent years, in a large number of couples, we are still not able to determine the causes leading to infertility. And often, infertility specialists do not pay enough attention to other, non-gynecological causes of this problem. In fact, these could be related to genetic, environmental and psychological disorders as well. Obviously, without proper diagnosis, one cannot establish guidelines for treatment of idiopathic infertility. Our meeting aims to bring all these problems.

We are also pleased that for the first time we will be able to arrange such a meeting with our German colleagues in the great European city, shaped by centuries by our common cultural heritage.

See you in Gdansk!

Prof. Dr. Rafał Kurzawa

Department of Reproductive Medicine and Gynecology
Pomeranian Medical University, Szczecin-Police

Dear Colleagues,

Infertility treatment is often depending on legal restrictions that differ in various countries. Although we are all members of the European community, patients have to be treated according to the different laws of the member states.

The Deutsche Gesellschaft für Reproduktionsmedizin (DGRM) is Germany's largest scientific society in the field of reproductive medicine. We were honored by the invitation of the Polish society to actively participate in a cross-border polish-german scientific meeting and are looking forward to discuss interesting medical, legal and ethical topics with our valued colleagues!

Prof. Dr. med. Jan-Steffen Krüssel

Department of Gynecology, Infertility and Reproductive Endocrinology
Heinrich-Heine-University, Düsseldorf

Scientific Chair

Prof. Dr. Rafał Kurzawa

Department of Reproductive Medicine and Gynecology
Pomeranian Medical University

Heinrich-Heine-University, Düsseldorf

Programme

14.10.2010, Thursday

14.00 – 18.00 registration of participants

19.00 – 20.00 opening: Message of the DGRM President, Prof. Jan Krüssel, Message of the SPiN President, Prof. Rafał Kurzawa

20.00 – 22.00 welcome reception

15.10.2010, Friday

09.00 – 10.30 **Research methods and implantation**

3x 30 minutes Genomics, proteomics and metabolomics in research on procreation Małgorzata Milkiewicz

Evaluation and modulation of uterine receptivity Piotr Pierzyński

Embryonic determinants of successful implantation Rafał Kurzawa

10.30 – 11.00 Coffee break

11.00 – 12.30 **Endometriosis**

3x 30 minutes New insights into etiology and pathophysiology of endometriosis Jacek Szamatowicz

Mild endometriosis and infertility – a real link or coincidence? Christoph Keck

Treatment of endometriosis-associated infertility Leszek Pawelczyk

12.30 – 13.30 Lunch break

13.30 – 15.30 **Environmental hazards to fertility**

4x 30 minutes Diet and fertility Ewa Stachowska

Stress and fertility Jerzy Samochowiec

Environmental risk factors of infertility Wojciech Hanke

Non-gynecological causes of infertility Adam Stefański

15.30 – 16.00 Coffee break

16.00 – 17.30 **Male Infertility & ART in idiopathic infertility (part.I)**

3x 30 minutes New insights into etiology of male infertility Hans-Christian Schuppe

Possibilities and limitations of the investigation and treatment of male infertility Tomasz Bączkowski

IUI in treatment of idiopathic infertility Robert Spaczyński

19.30 – 22.00 Social event

16.10.2010, Saturday

09.00 – 10.30 **Male Infertility & ART in idiopathic infertility (part.II)**

3x 30 minutes IVF in treatment of idiopathic infertility – do complementary therapies really work? Jan Krüssel

Embryological conditions for successful IVF treatment of idiopathic infertility Waldemar Kuczyński

Algorithm for idiopathic infertility- medical interventions or expectant management? Rafał Kurzawa

10.30 – 11.00 Coffee break

11.00 – 12.30 **Recurrent reproductive failures**

3x 30 minutes Immunological factor in female infertility - does it really exist? Marek Zygmunt

The role of trombophilia in reproductive failures Jerzy Windyga

Recommendations on diagnosis and treatment of early pregnancy loss Wojciech Głąbowski

12.30 – 13.00 Closing remarks

13.00 – 14.00 Lunch break
