

Die Preisträger der
DGRM-Abstract-Preise 2014
sind

1. Preis

Sandra Bernal

Effects of cAMP modulators during in vitro maturation on bovine embryo development and quality in prepubertal donors

Institute of Farm Animal Genetics, Biotechnology, Friedrich-Loeffler-Institut (FLI), Mariensee, Germany

2. Preis

Sadjad Danesh Mesgaran

Expression pattern of various genes in bovine oviductal epithelial cells in vitro in different cell passages

Institute of Veterinary Biochemistry, Freie Universität Berlin, Berlin, Germany

3. Preis

Thomas Haggene

Cellular and molecular hallmarks of testicular inflammation in infertile men

Dept. of Veterinary Anatomy, Histology and Embryology, JLU Giessen, Giessen, Germany / Dept. of Urology, Pediatric Urology and Andrology, JLU Giessen, Giessen, Germany
